

And then there's church? At The Life Church we're
a young, non-denominational, multi-cultural
ship. We've designed our worship to be a
experience that glorifies God.

Our messages are based on **relevant** issues that concern your
life, in a worship service with plenty of room for you to be you. Our music is
music you like. "Plugged" in, contemporary and
praise oriented. Most importantly, we're not just a Sunday gathering of believers.
We encourage relationships with each other and with our Lord. Through our
Life Groups, smaller get-togethers during the week in homes, we seek to

take care of each other and be there for each other during the ups and
downs of life in the **real world.** As we learn to love
each other in a deeper way, we learn more of the love Christ has for us
and the love He intended us to have for each other. Through these
committed **relationships** we can reach out and
bring others to Christ. If you're looking for something fresh and exciting,
come join us at The Life Church. We're committed to the more
abundant life Christ has promised, and we'd like you
to share in this life with us. Welcome to Life!
