

THAT'S LIFE

VOLUME 1 NO 2 2ND QTR 1999

A PUBLICATION OF THE LIFE CHURCH

This has already been an exceptional year for The Life Church of Memphis! At the end of last year, The Lord impressed upon us that 1999 should be a year of Raising the Standard in our church. We targeted four specific areas where we would believe to see an increase in spiritual intensity: (1) Prayer (2) World Missions (3) Family Life (4) Training. Believe it or not, after only two and a half months we have already seen a tremendous difference in each area. The first week in January we moved into our brand new office facility. We were privileged to come across this new office complex in the early stages of construction, which allowed us to draw-up our own plans and lay it out according to our wishes. The first priority was leaving a large area in the back of the office for a prayer/training room. On January 11, one week after moving in, we started early morning prayer meetings every weekday morning from 6:30-7:30 am. This was the best decision we have ever made, and it has brought tremendous change! Charles Spurgeon said, "Whenever God determines to do a great work, He first sets his people to praying." To our amazement, nearly twenty people come together to pray each and every morning. It has revolutionized our staff, our Celebration Services, our Cell Groups-everything!

As most of you know, The Life Church is a Cell Group Church. Everything we do centers around our Cell Groups. We have been amazed at the faithfulness of God in this area of our vision. Currently, we have 16 Cell Groups meeting around the city. All of them have a great core group of committed Christians, and several trained leaders. The most remarkable thing is that every week our Cell Group attendance is slightly higher than our Sunday Celebration
